I CAN'T SAY ENOUGH GOOD THINGS ABOUT DR. SCHWARTZ AND HIS STAFF. 10 OUT OF 10!....

It is with pleasure that I write about my experience with Dr. Sandy Schwartz and the staff at Family, Implant and Cosmetic Dentistry. Dr. Schwartz has been a first-rate dentist, making major improvements to the health and appearance of my teeth and mouth. I went to Dr. Schwartz for an exam and consultation as I had been experiencing a problem with a couple of my front teeth. One was infected at the root and the other was broken. I also have had diastema, (gaps between the teeth), my entire life. I found Dr. Schwartz to be very thorough, comprehensive, informative and highly professional with his evaluation and treatment plan. I discovered that in addition to his passion for his profession, Dr. Schwartz is uniquely credentialed and I felt very confident under his care.

Dr. Schwartz performed my treatments with extreme skill and attention to my comfort. My treatments involved a Root Canal, Bone Graft, Implant Abutment (made according to individualized specifications to achieve ideal soft tissue contours and crown esthetics), a Crown Lengthening Procedure (adjusts the gum and bone level to expose more of the tooth so it can be restored properly and look natural), 5 Anterior Veneers (a conservative treatment involving bonding a thin porcelain laminate to the enamel surface of the tooth to improve the esthetic appearance) and Kor Bleaching (recognized as the world's most effective teeth whitening system).

Dr. Schwartz is the best dentist I have ever been to and his practice is a model of what a dental office should be. My experience was very pleasant and satisfying. On top of everything, he makes you feel welcome every time you step through the door. His hygienists are top-notch as well. I love my results...a great, very natural looking smile! I have already referred my sister and a couple of friends to Dr. Schwartz and I will continue to recommend him to anyone who will listen!
